I experienced an amazing moonlit night last week. I was traveling in a hilly village. One of my childhood friends invited me to visit their farmhouse there. They have a big jackfruit garden there. Beside his farmhouse, there is a very big lake. It was the autumn season and there were no clouds in the sky.

The weather was perfect and the best time to hangout. We were five people in total. After eating our dinner, we came to the roof of the farmhouse and saw the natural beauty of the moonlit night. In the first look, I was speechless. It was a big silver disk in the sky giving lots of light for the entire world.
