

The Life of a Fisherman: Paragraph

Description

Short Paragraph (100 Words): The Life of a Fisherman

The life of a fisherman is really hard. They are really hard worker, they are the only person in their family who make money to maintain the [family](#). Most of the time, they can't enjoy a better lifestyle. The fishermen live near any sea or river. They go to catch fish and sell them into the market.

Sometimes they face a hard time when they don't get enough fish to catch. A fisherman sometimes works for a fishery where they yield fish for a company. They work as day labor there. After all, a fisherman is a good man whole sacrifice so many things for his family.

Paragraph (150 Words): The Life of a Fisherman

The fisherman is one of the hard professions in our country. The man who maintains his life and makes money catching and selling fish is called 'Fisherman'. [Our country](#) is full of rivers and that's why fisherman is a leading occupation here. Lots of people drive their life catching and selling fishes.

Most of the time a fisherman lives in a small village near a river. They are illiterate, but they try hard to make their kids educated. Some fisherman works as a group and some don't. Most of them work and catch individually. Who has a big boat and net, they make a group.

Working as a group is better and they have a better opportunity to catch more fishes. They are really hard-working because they have to work in the cold winter night. They don't have any other source to make money. We should respect a fisherman.

Paragraph (200 Words): The Life of a Fisherman

When a man leads his life catching and selling fishes, we call him a fisherman. Life of a fisherman is not easy. It's a challenging occupation. There are a huge amount of fishermen in our country because

we have lots of rivers. Fishermen use a boat and net to catch fish.

Their work is risky sometimes because they have to go deep-sea or river sometime. And they have not enough knowledge about climate and that's why they face storm sometimes. It's really risky; they could even lose their lives. They work in a group that has a big boat and lots of nets.

Family groups are main; they don't take people in a group from outside. They are always at work. They don't have any leisure time. But after so much hard work and sacrifice they lead a very ordinary life, which is a matter of sorrow. They earn a really little amount of money.

Sometimes they sell their fishes to businessman and they don't provide a good price. The government should take a look at them and give them some facilities so that they can get a better life. They are a very important part of our society and country.
